

The 2nd International Conference on Industrial, Systems & Manufacturing Engineering (ISME'19) Innovation and New Technologies

November 11 - 13, 2019, Amman - Jordan

CALL FOR PAPERS

Jordan Engineers Association (JEA) and German Jordanian University (GJU) cordially invite you to participate in the 2nd International Conference on Industrial, Systems & Manufacturing Engineering (ISME'19). ISME'19 aims to address and connect current issues in research and applications in the various fields of industrial, systems and manufacturing engineering. Additionally, ISME'19 will act as a major forum for researchers, engineers, industrialists, practitioners and students from all over the world; particularly from the Middle East. The forum opens the door for presenting the latest research results and exchanging cutting-edge ideas and practical experiences in conference-related subjects.

Conference Topics

- Asset Management
- Data Science
- Digital Manufacturing
- E-Business, E-Commerce and E-Government
- Energy Systems
- Engineering Education
- Engineering Project Management
- Financial Engineering
- Health, Safety and Environment Management Systems
- Healthcare Management Systems
- Human Factors Engineering
- Industry 4.0
- Innovation and Entrepreneurship
- Knowledge Management
- Lean and Six Sigma
- Maintenance Management and Reliability Engineering
- Manufacturing Engineering
- Materials Science and Engineering
- Modeling and Simulation
- Operations Management
- Operations Research
- Product Design and Development
- Quality Engineering
- Supply Chain and Logistics
- Sustainability Management
- Systems Engineering and Design

Submission

ISME'19 offers two options for submissions:

- Full papers will be reviewed for presentation at the conference as well as for publication in the conference proceedings.
- Abstracts (only) will be reviewed for presentation at the conference without publishing.

All submissions must be written in English and electronically submitted through the EDAS (<http://edas.info/N26056>). Please use the templates presented in the conference website.

Important Dates

September 1, 2019	Submission deadline
September 15, 2019	Notification of Submission
October 1, 2019	Final paper submission deadline

Papers Publication

All submitted papers will be peer reviewed. Accepted papers which are presented at the conference will be published in the volume of conference proceedings with ISBN number. Selected extended papers will be also considered for publication in a special issue of the SCOPUS indexed Jordan Journal of Mechanical & Industrial Engineering (JJMIE) and/or the International Journal of Planning & Scheduling (IJPS).

Exhibition

Service providers from related Jordanian & International companies and organizations will be on exhibit during the conference.

Workshops

Training workshops, presented by trainers from JEA and ASQ, will be held in parallel with the conference.

Graduate Students' Papers Contest

Papers submitted by graduate students and accepted to be presented at the conference will be considered for special contest and first three-ranked papers will be honored at the conference.

Registration Fees

	JEA member	International
Participants	JD 100	USD 500
Students	JD 50	USD 250

Registration fees cover: conference attendance sessions, abstract booklet, softcopy of the conference proceedings, lunches and coffee breaks.

For registration please visit the conference website.
